Mobile Money Transaction Analysis Research Study

Participant ID: User1001 _____
(To be assigned by researcher)**Date of Consent: 23/03/2026** _____**1. PURPOSE OF THE STUDY**

You are invited to participate in a research project conducted by students of the ICT University as part of the final assessment for **CSC 3221 – Introduction to Data Science**, under the supervision of **Dr. Fotsing Kuetché**. The purpose of this study is to analyze mobile money transaction patterns (MTN Mobile Money / Orange Money) to better understand user behavior, predict transaction volumes, and support financial inclusion research in Cameroon.

2. DATA TO BE COLLECTED

The following information will be collected from you:

- **Transaction data:** Type of transactions (send, receive, pay, withdraw), amounts, frequency, and timing (3–12 months of history)
- **Demographic data:** Age range, gender, profession/occupation, education level, geographic zone, household size, monthly income range (optional)
- **Usage data:** Primary use of mobile money (personal/business), smartphone ownership

3. DATA PROTECTION & PRIVACY

- **Anonymization:** Your name and phone number will be replaced with a unique code (e.g., USER_001). No personally identifiable information will appear in the dataset.
- **Secure storage:** Data will be stored securely and accessible only to the research team. It will not be shared publicly.
- **Academic use only:** Collected data will be used exclusively for this academic project and will not be sold or transferred to third parties.
- **Retention:** Data will be deleted after the project submission and evaluation period.

4. YOUR RIGHTS AS A PARTICIPANT

- **Voluntary participation:** Your participation is entirely voluntary. You may choose not to participate without any consequences.
- **Right to withdraw:** You may withdraw from the study at any time, and your data will be deleted upon request.
- **Right to ask questions:** You may ask the researchers any questions before, during, or after your participation.
- **No harm:** Participation in this study poses no physical, financial, or social risk to you.

CONSENT STATEMENT: I have read and understood the information above. I voluntarily agree to participate in this study. I understand that my data will be anonymized and used solely for academic research purposes. I know I can withdraw at any time without penalty.

Mobile Money Transaction Analysis Research Study

Participant ID: User1004_____

(To be assigned by researcher)

Date of Consent: 20/03/2026_____

1. PURPOSE OF THE STUDY

You are invited to participate in a research project conducted by students of the ICT University as part of the final assessment for **CSC 3221 – Introduction to Data Science**, under the supervision of **Dr. Fotsing Kuetche**. The purpose of this study is to analyze mobile money transaction patterns (MTN Mobile Money / Orange Money) to better understand user behavior, predict transaction volumes, and support financial inclusion research in Cameroon.

2. DATA TO BE COLLECTED

The following information will be collected from you:

- **Transaction data:** Type of transactions (send, receive, pay, withdraw), amounts, frequency, and timing (3–12 months of history)
- **Demographic data:** Age range, gender, profession/occupation, education level, geographic zone, household size, monthly income range (optional)
- **Usage data:** Primary use of mobile money (personal/business), smartphone ownership

3. DATA PROTECTION & PRIVACY

- **Anonymization:** Your name and phone number will be replaced with a unique code (e.g., USER_001). No personally identifiable information will appear in the dataset.
- **Secure storage:** Data will be stored securely and accessible only to the research team. It will not be shared publicly.
- **Academic use only:** Collected data will be used exclusively for this academic project and will not be sold or transferred to third parties.
- **Retention:** Data will be deleted after the project submission and evaluation period.

4. YOUR RIGHTS AS A PARTICIPANT

- **Voluntary participation:** Your participation is entirely voluntary. You may choose not to participate without any consequences.
- **Right to withdraw:** You may withdraw from the study at any time, and your data will be deleted upon request.
- **Right to ask questions:** You may ask the researchers any questions before, during, or after your participation.
- **No harm:** Participation in this study poses no physical, financial, or social risk to you.

CONSENT STATEMENT: I have read and understood the information above. I voluntarily agree to participate in this study. I understand that my data will be anonymized and used solely for academic research purposes. I know I can withdraw at any time without penalty.
